

"SAVE A LIFE" IS APPEAL MADE OVER KENTUCKY

State Wide Campaign To Be Launched Week of January 26 For Armenian and Syrian Relief.

The appeal will be sounded the length and breadth of Kentucky during the coming campaign for Armenian and Syrian Relief, the week of January 26 when this state will be asked to save the lives of 5,000 sufferers by contributing \$300,000 towards the national campaign for \$3,000,000.

The sum sought is recognized as being the smallest asked in any humanitarian campaign growing out of the war, but the purpose is without parallel, as the amount named is asked of the American people in order to sustain through the winter and into next summer, when they will be in a position to help themselves, 3,350,000 Christians and Jews living in Asia, the Caucasus, Armenia, Persia, Syria and Northern Egypt.

The quota which Kentucky will be privileged to subscribe is one which persons acquainted with conditions in the State are confident will be surpassed in a single day of solicitation. Every county in the State will be asked to join in the giving, so that the fund will be sought everywhere on a uniform basis.

The State organization for Kentucky is rapidly being completed, and indeed the utmost speed is required in view of the nearness of the campaign. The Rev. Dr. E. L. Powell, of Louisville, who is known throughout Kentucky because of his connection as pastor of the First Christian Church in the State's metropolis, has been chosen as the State Director for the Campaign, and within a day or so the entire State machine will be in working order. County Chairmen in every county are in the process of selection, and county quotas will be announced when the organization is perfected.

Though the Campaign is sanctioned by Congress, Governmental aid to the stricken peoples of the Near East is not possible because they have no Government to which a loan could be made. The Red Cross likewise endorses the project, and the arrangement is such that there is no overlapping of effort, in relief work.

Mr. Duke White is confined to his home in Limestone street with influenza.

DISAPPEARANCE OF BAILEY REMAINS MYSTERY TO POLICE

Lewis County Man Who Disappeared in Maysville Has Not Been Located and Police Are at a Loss to Know of His Whereabouts.

Although they have thus far been unable to find any trace of John Bailey, of Petersville, Lewis county, who disappeared here several days ago the members of the local police force have not given up their search.

The mules which Bailey drove and which he left in a tobacco warehouse stable have been taken back to Lewis county by a friend. Bailey drew no money for the load of tobacco he delivered here and his family says he did not have over two or three dollars on his person.

Up to the present time the police have only searched about Maysville. They have not yet obtained a good description of the missing man but this they expect to procure today. When the police are put into possession of this description they will extend their search to nearby cities to which Bailey might have wandered.

Being unable to find any trace of the man here leads the police to believe that he might have gone to another city where he could have met with foul play or have been lost.

Bailey has a wife and eight small children in Lewis county and was always looked upon as a good citizen.

CHARLES F. GRIFFEN, SR., DEAD

A telegram yesterday morning received by relatives here, announced the sad news of the death of Mr. Charles F. Griffen, of Mamoroneck, New York. Mr. Griffen had been in failing health for some months, but strong hopes were entertained for his recovery until a few weeks ago. Mr. Griffen was a prominent citizen of Mamoroneck, holding important positions in local affairs and was authority on all matters pertaining to real estate. A man of broad culture, generous in charities and kindly in his judgments. Truly he will be missed in the community in which he made his home.

Mr. Ben Greenlee, local manager of the Standard Oil Co., is confined to his home in West Second street.

Officer Dudley Bloomhuff, who has been ill for the past several weeks, shows no signs of improvement.

Eneas Travis pleaded guilty to a charge of being drunk and disorderly in Police Court this afternoon.

MASON FARMERS ARE TO OBTAIN NITRATE CHEAP

Government Is to Sell Nitrate For Fertilizer Through County Agent and Special Committee.

Washington, D. C., January 13.—Notice has been given to George Kirk, Agricultural Agent for Mason county, that the U. S. Department of Agriculture will sell at cost a supply of nitrate of soda to farmers in Mason county.

The nitrate will be sold under the authority of the Food Control Act and subsequent legislation relating thereto. The price will be \$81 a ton, free on board cars at loading point or port. Farmers are to pay in addition freight to their shipping points.

How to Obtain Nitrate

Applications for a part of the nitrate bought by the government will be received only from actual farmers or owners or holders of farms for use on their land, and may be made through County Agent George Kirk or through any member of a local committee consisting of C. L. Mains, Thomas Hopper, George Dodson and Mrs. Jennie Ziegler.

No money will be required with the application but upon notice from the authorized representative of the Department of Agriculture farmers who have signed applications must deposit with a local bank, association, or individual, designated by the Secretary of Agriculture to act as the farmers' agent for that purpose, money to cover the cost of the fertilizer except the freight charge. In practically every case the money will be paid to a County Nitrate Distributor designated by the Department of Agriculture. Nitrate will be shipped to distributors on sight draft with bill of lading attached. Distributors will pay drafts, take up the bills of lading, collect money from farmers and distribute nitrate to farmers. Arrangements have been made to secure a large quantity of nitrate and it is believed that all reasonable requirements can be met.

In connection with the above announcement, I wish to say that nitrate of soda is very highly recommended as a fertilizer for tobacco. Although in ordinary crops five cents per pound is a prohibitive price for fertilizer, yet at the present price of tobacco the 100 pounds required per acre to stimulate early growth will show improvement worth many times that. Please note that all orders for the nitrate must be in on or before Saturday, January 25.

Nitrate of soda is also very beneficial to orchards. The nitrate is scattered on the ground under the trees, starting about 12 inches from the trunk and working out to within about a foot of the spread of the branches. Five pounds per tree is the amount to use. For young trees a smaller amount is used.

Gardeners are also able to use this fertilizer on account of the increased yield of vegetables obtained. Most intensive crops may be treated with nitrate of soda at a great profit under usual conditions.

The committee will assist in giving every farmer the opportunity to supply his needs, and the office of County Nitrate distributor referred to will be filled later by this committee. For information phone 52.

GEORGE KIRK, County Agent.

WONDERFUL SYSTEM OF TEACHING MUSIC

Prof. and Mrs. Young in charge of the Maysville Boys' Band, certainly have a wonderful system of teaching music to the youngsters for although some of the boys have taken only three or four lessons in music, they are already displaying an aptitude to music and all of them seem to enjoy their work. Now that the majority of the instruments are here work will begin in earnest at the band room every afternoon and evening.

A REAL VISITATION BY BISHOP BURTON

Although there was but one service at the Episcopal Church Sunday, the good Bishop spent a busy day in visiting the sick and administering the Holy Communion to them. It can be truly said of the Bishop that he is a real shepherd to his flock and merits the affection of his people. While in our city he was the guest of Mrs. E. C. and Mr. Army Plister at their hospitable home on West Third street.

WEEK OF PRAYER WAS SUCCESS

The Week last week in our churches is regarded as a way. There were many services held in every church in every town.

There were many services held in every church in every town.

TRADE EXPANSION SHOULD HAVE SUPPORT

Maysville Is Vitrally Interested in Expanding the Trade on the Ohio River.

The entire public of Maysville is interested in the campaign of business men to provide a permanent and regular line of freight boats for the Ohio river. Up and down the river stretch rich and fertile lands, whose output of foodstuffs can be brought to this city by the water route at prices which will materially decrease the cost of living to our people. To the market trade of this city the river question is a vital one and on a regular freight line of transportation hangs its proper solution.

Under ordinary conditions, Maysville is one of the least expensive places of residence in the country, a condition largely caused by its location in the midst of a rich and productive section. The efficient use of the river will make living necessities even cheaper, build up the market trade and thus contribute to the city's prosperity by two methods. As a progressive and wide-awake community we cannot longer neglect so plain a development and so simple a constructive policy. The citizens of Maysville should fall in behind this movement for expansion of our river trade by establishing the necessary freight boats on the Ohio.

CHURCH OF THE NATIVITY HAS NEW PASTOR

The Church of the Nativity recently called Rev. Mr. Stevenson, of Vermont, as their pastor. At the meeting Sunday morning at this church it was announced that he had accepted the call. He will begin his pastorate here on February 9th. Mr. Stevenson comes to Maysville very highly recommended. He is 53 years of age and with his family will occupy the church parsonage in Fourth street.

PIANO IS SMASHED TO PIECES

Workmen this morning were moving a very valuable piano belonging to Mr. Samuel Middleman into his new home in the Russell flats in Third street. When the piano was near the top of the back steps, a rope which was holding it broke and the instrument came tumbling down the steps. It struck a brick wall and was broken into pieces. Experts who saw the piano say that it is beyond repair.

BROKEN RAIL IS FOUND

Track walkers discovered a broken rail along the C. & O. at Commerce street Sunday morning and a section crew was called out to replace it with a new rail before any damage was done. Commerce street was blocked for several hours while the repairs were being made.

RIVER FULL OF ICE

The Ohio River at this place was filled with ice Monday. The ice was very light however and did no damage. Boats were not interfered with by the flow.

AID SOCIETY MEETS

The Ladies' Aid Society of the Christian Church will meet Tuesday afternoon at 1:30 o'clock with Mrs. George Scott at 406 Forest avenue.

The Ladies' Missionary Society of the First Presbyterian Church will meet Tuesday afternoon at 3 o'clock in Library of the church. Note the change in the hour. A full attendance is most earnestly desired.

Prof. Culp, commercial instructor at the Maysville High School and his wife are both confined to their homes on Fifth street with influenza.

TWO MORE SCHOOLS CLOSED BECAUSE OF INFLUENZA DISEASE

"Flu" Situation in Some Parts of the County Remains Very Bad—County Superintendent Turnpseed Closes Minerva and Mayslick Schools.

There were 191 new cases of influenza in various parts of the county yesterday according to the local health authorities. The most of these new cases developed in county precincts and during the past few days the disease has begun to be rather serious in the Minerva and the Mayslick neighborhoods.

County Superintendent of Schools Turnpseed today ordered the schools at Minerva and Mayslick closed and wrote to State Superintendent Gilbert explaining the situation in Mason county. At the present time a large number of the county schools are closed and if the situation does not clear up soon it will be necessary to close others.

Prof. Turnpseed asked Prof. Gilbert his advice about closing all of the schools in the county and allowing them to remain closed for the balance of the school year. The county schools have now lost so much time that it is not likely that they will be able to make up anything like half of the lost time.

DON'T KNOW NEGRO THAT CUT HIM

A crap game held in a box car on the C. & O. railroad near the American Tobacco Factory Sunday afternoon resulted as usual in a fight and "Bear" Payne, well known local negro man, is nursing a badly cut leg. Payne says he does not know the negro who used the knife on him. The negro was employed on the C. & O. railroad and made his get away.

Judge A. M. J. Cochran went to Covington this morning where he opened the session of Federal court. Little business has been transacted in Federal court recently because of influenza in the district.

Dr. J. S. Locke, County Health Officer, is at Barboursville, Ky., from which city he will move his family to Maysville this week.

Just arrived 20 barrels Fancy New Crop New Orleans Molasses \$1.19 per gallon cash. Bring your jug.
R. LEE LOVEL.

MEAN FIRE DESTROYS FOURTH STREET HOME

Overheated Gas Stove Is Supposed to Have Started Fire That Consumed Frame Dwelling Owned By Colored Woman.

Fire late Sunday destroyed the home of Mrs. Martha Travis in East Fourth street. Heroic work on the part of the members of the Maysville Fire Department alone saved adjoining frame buildings.

When the fire department arrived on the scene the Travis residence was all in flames and they first paid their attention to the adjoining buildings which were threatened. When these buildings were soaked with water the firemen began to extinguish the flames at the burning building but they were unable to save any part of the building or its contents and after all the blaze had been extinguished there was nothing left of the house but the frame.

A gas stove in the building was found to be burning full force and there was no one at home when the fire started. It is the supposition of the firemen that the gas stove was overheated and caused the fire.

After the fire had apparently been extinguished and the fire department had returned to the firehall a second alarm was sent in, a feather bed having burst into flames. The second fire did no damage.

CARD OF THANKS

We take this means to thank our many friends in contributing to the immediate needs of the family caused by the loss of the home by fire Sunday, January 5. Especially do we thank Mr. and Mrs. Bierley in giving the family a home until they could get located again also Mr. George H. Frank for clothes for the children, also January & Wood Co. for their kind assistance and every one who loaned a helping hand.
Mr. and Mrs. Ben Schumacher.

TRAINING CLASS BEGINS TUESDAY

The Union Teachers' Training Class which was organized several weeks ago will have its first meeting in the annex of the Christian church Tuesday evening. Dr. B. B. Bailey and Rev. W. B. Campbell, will be the instructors. Both men have made a special study of Sunday School teaching and every one interested in Sunday School work should avail themselves of this opportunity.

GROCERS WILL HAVE GREAT GET-TOGETHER MEETING

Retail Grocers Will Have Social Session on Next Thursday Evening—Prominent Speakers on the Program.

The Maysville Retail Grocers' Association has been planning for several weeks for a social hour or a sort of get-together meeting which will be held Thursday evening in the Assembly room at the Chamber of Commerce building.

Besides a general discussion of the troubles and pleasures of a retail grocer, there will be a banquet served and prominent speakers have been secured to complete the program. County Food Administrator W. D. Cochran, County Judge H. P. Purnell and County Agent George Kirk will each address the grocers on subjects in which they are vitally interested.

The committee in charge of the arrangements announces that they have everything arranged for and that the grocers cannot afford to miss the meeting for it will be worth their while in many ways.

COMPLETE ROAD REPORT

County Engineer Simons has prepared a very complete report on the progress of road work in Mason county during the past year which will be presented to the County Commissioners at their meeting here Tuesday. The report is made on linen and includes the expenses on every road in Mason county during the past year. The report shows that a total of \$49,540.71 has been spent on Mason county roads in the year's time.

MASONIC MEETING

Stated communication of Maysville Lodge No. 52, F. and A. M. this evening at 7 o'clock. Work in E. A. degree and business of importance. All members please attend; visiting brethren welcome.

L. M. VEALE, W. M.
C. P. Rasp, Secretary.

The boys in the Maysville Boys' Band are very happy for their instruments have come. They are beauties and the parents are asked to come with their children to the band room at the Caproni building Monday and Tuesday evenings to receive the instruments and to have them explained.

Just arrived 20 barrels Fancy New Crop New Orleans Molasses \$1.19 per gallon cash. Bring your jug.

MEERZ BROS.

OUR POLICY

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the County as a whole.

WHAT THE RED FLAG MEANS

Americans who are encouraging the entering wedge of state socialism in our country and those who consciously or unconsciously give aid and comfort to the red flag propaganda in Europe may learn what it all means when carried to its logical conclusion by noting the following items taken chiefly from the comment of an eminent American editor recently returned from abroad:

European Russia this coming winter will be the world's most awful graveyard.

Famine is not a possibility, it is certainty. It is today an actuality. Pestilence is reaping the first crop of gigantic harvest.

The working people are simply predestined victims of hunger and disease. Productive labor has been annihilated and no nation can live without it.

All financial system has vanished. Debts have been repudiated, banks abolished, and the gold reserve of the nation largely stolen.

Commerce, even from the standpoint of 1917, does not exist.

The available fuel supply has largely disappeared. The oil fields still unburned are not working. The coal mines have been flooded.

Railroad tracks and rolling stock are rapidly going to pieces. A few railroads are operating, but as private concerns in the hands of enterprising bandits. Each station has its own tariff for passengers and freight payable in the currency of that particular place.

Manufacturing is at a standstill—nine-tenths of the factories have been shut down. Many are heaps of ruins, destroyed by the Bolsheviks.

Cotton fabricating is practically a memory—large quantities of cotton were burned, because it was believed to have belonged to the banks.

It is estimated that only 20 per cent. of the tillable lands of European Russia were put into crops this year. Many large agricultural estates have been burned or destroyed. Live stock and implements of prosperous farmers were stolen and divided among the looters.

Of the 2,000,000 population of Petrograd before the war, 1,500,000 have disappeared. The city looks dreary, desolate. Bolshevik soldiers and their families are living in the deserted homes of the well-to-do. Hotels, restaurants, cafes, offices are closed. The middle classes are excluded from public eating places and are starving by thousands. Many well-known persons have been shot or starved to death. In addition to enduring the terrible famine conditions the Russian people must submit to a reign of violence, brutality and murder at the hands of the armed minority, and all in the name of freedom of the masses, through the socialist state.

Our lesson, then, is obvious and so is our duty. The Russian people sacrificed over 3,000,000 of their men in holding several German armies off of France during the first two years of the war. Should not we and our allies be on our way in large force to rescue these helpless millions of Russians from the horrible tortures they are now enduring?

It looks more and more as if it were going to turn out, as usual, that President Wilson knows considerably more about it than Senator Lodge.—Ohio State Journal.

CITY PEOPLE AND FARMERS LEARNING CO-OPERATION

One of the Greatest Achievements of Farm Labor Activities Is the Erecting of Close Relations Between Farmer and City Man.

Washington—One of the greatest achievements of the farm labor activities conducted by the United States Department of Agriculture during the past year in farming sections all over the country where labor was needed, was the establishment of cordial co-operation and sympathetic understanding between farmers and local business men, department specialists state.

As a result of this cooperation crops have been harvested by aid of the business men from cities and towns in hundreds of localities where large losses would undoubtedly have resulted from lack of labor. About 35,000 town and city dwellers helped harvest in Kansas 15,000 in Nebraska, 20,000 in Oregon, 10,000 in Missouri, 12,000 in Indiana, 25,000 in Illinois, and proportionate numbers in practically all other States. The farmer has thus learned that local town and city folks can assist greatly in this emergency work and has come to look with favor upon their cooperation. The effect has been to bring farmer and town resident into more cordial relations.

The results achieved along this line are especially helpful toward providing the harvest labor needed in a constantly enlarging agricultural program. Too much emphasis, it is believed, can not be placed upon the phase of the labor work that has to do with bringing into close cooperation and alignment all the forces which have more or less to do with the labor problem and framing a program that will eliminate as far as possible the loss due to having an over-

supply of labor at certain places and shortage at others, and that will make possible the use of all the local labor to the fullest extent and thus save transportation of workers from distant areas and necessary loss of time occasioned in such travel.

The success in dealing with the farm labor situation during the past year is thought to justify confidence in meeting any situation that may develop in 1919.

UNCEASING MISERY

Some Maysville Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "stabs" of pain, annoying urinary disorders, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin Dusing Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.

Proof in Maysville testimony. John J. Bramel, bookkeeper, Walnut Street, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute fourteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chansler's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 60c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

CANTEEN WORK ACCOMPLISHED

"Red Cross Canteen work in the Lake Division is keeping 2366 workers busy these days," says a statement from Lake Division headquarters, Cleveland.

Care for the emergency needs of soldiers, sailors and aviators on returning troop trains entails the serving of food, rendering first aid, taking care of the baggage and whatever special services the troop train commanders request.

During the past six weeks in the Lake Division—the 37 canteens in Ohio, Indiana and Kentucky took care of 252,592 men. Food was supplied for 266 influenza cases—16,353 pieces of baggage were handled. Telegrams from troop train commanders are sent ahead of the trains to the Lake Division Bureau of Canteens.

RED CROSS WILL CONTINUE WORK AFTER THE DEMOBILIZATION

Civilian Relief Will Have Big Job on Its Hands During the Reconstruction Period.

Red Cross Civilian Relief demobilization work has just been defined by the Lake Division, Director of Civilian Relief, James L. Fieser.

"The obligation of the Red Cross to the families of men in active or military forces does not cease upon honorable discharge from the service," Mr. Fieser says.

In addition, the Red Cross Home Service sections throughout Ohio, Indiana and Kentucky are strengthening their organization to meet the needs of the returning men—those in good physical condition as well as the disabled during the period of readjustment to civil life.

Civilians, wounded as the direct result of war activities are also entitled to Red Cross Home Service, and the families living in this country of men serving with any of the allied forces.

Only the families of deserters from the military and naval forces of the United States have no right to this service, though even in these cases—considerate action will be taken to assure the families' continued welfare.

But the Red Cross knows that there will not be many deserters. It is the families—those who have their men at home, anxious to carry out the plans made before the war—who will need encouragement to keep them from worrying their men.

Difficulties concerning delayed allotment and allowance checks, problems of filing claims for compensation and insurance benefits, health and social problems growing out of the discharge of large numbers of men from service because of physical disability—these and many other necessities will keep the Home Service sections of the Red Cross in the Lake Division busy for an indefinite time to come.

For the disabled soldier, there is much that the Red Cross Home Service is already doing. Perhaps the most important is teaching the man's family an intelligent appreciation of his needs and difficulties. Often both the disabled man and his family must be persuaded and convinced of the wisdom of the re-training which the Federal Board for Vocational Education offers every man suffering a 10 per cent. disability due to government service.

Names of all men discharged from camps and government hospitals in this country are reported to the Red Cross, and the Home Service section nearest each man's home is notified, so that he will not lack help.

The district office for the Federal Board co-operates with the Red Cross division office and these keep up a constant exchange of lists of discharged men coming to the attention of each agency.

Even after a man has been trained and procured employment the Federal Board and the Red Cross still follow up his case to safeguard the man's interests until he is well on his feet.

In all cases, however, Red Cross Home Service sections have been instructed to extend their service upon the principle that action shall be responsive rather than initiatory.

PUBLIC BUILDINGS SHOULD BE KEPT COMFORTABLE

Just at this time all churches and schools should be kept comfortably warm. For fear of getting the buildings too warm some are being allowed to remain entirely too cold and considerable complaint has been heard on the streets within the past few days.

SECURITY LEAGUE DECLARES WAR ON BOLSHEVISM

Announces Nation-Wide Campaign of Education to Combat Un-American Tendencies and Propaganda.

New York—Details of the form to be taken by its nation-wide campaign to combat the Bolsheviki in America, recently announced, were made public today by the National Security League. The League again emphasizes the fact that its efforts will not be directed against Socialism as such but will be confined entirely to counteracting the various un-American influences parading under the guise of Socialism.

The League's statement reads—"The National Security League is definitely opposed to entering into any discussion on the economic claims of Socialism. The League has no issue as a patriotic organization with the Socialists on their economic doctrines any more than with those who uphold free trade, single tax, or prohibition."

"The League will center its attack on the following issues, where the Bolshevist program is in direct opposition to American government, American ideals, and America's war. All good Americans will agree in their opposition to the propaganda of any group which aims at revolution, believes in government by the minority, antagonizes the Constitution and the Supreme Court, and whose organization and rules are opposed to democratic government."

"1. The consistent attitude of many Socialists, before and during the war, was seditious, anti-American, and distinctly and definitely pro-German in purpose and effect. Since the armistice was signed, the outgivings of many Socialist leaders have been aimed at helping Germany to escape retribution and punishment."

"2. The League characterizes as un-American, and will combat as such the principles of any group which forbids its members to enter the Army or the Navy; provides for expulsion of a member who votes for an Army or Navy Bill, or for war finance; and requires every member to vote only for certain candidates under penalty of expulsion."

"3. Heretofore, the un-American Socialists assumed the attitude of putting the defenders of government on the defensive. Americans had a tangible government to defend while they had only untried theories. They and their brothers in Russia now have a record of achievement, a record of murder and atrocity."

"4. The published Constitution of the Soviet Government and the doctrines of Lenin show that the Bolshevist program includes ideas on labor control which are absolutely contrary to the ideal of American labor."

"The National Security League's patriotic propaganda upon this subject will be aimed to reach two classes of people; first, patriotic Americans who do not realize the malevolence and the seditious attitude of the un-American wing of the parties of demoralization; second, the rank and file of Socialists who are unaware of the autocratic ideas of many of their leaders."

The Security League now has in the course of preparation extensive literature to expound the ideas outlined above. It will be distributed broadcast throughout the country.

A WORD OF ADVICE

Washington—War Savings, Stamps and Thrift Stamps are as good as gold, whether your certificate or thrift card is completely filled or not. The idea that unfilled certificates or cards must be cashed in before January 1 is absolutely baseless.—United States Treasury Department.

This notice was issued the last day of December by Lewis B. Franklin, Director of War Loan Organization, United States Treasury, to counteract a tendency to cash in War Savings Stamps and Thrift Stamps because their owners had the idea that only completely filled certificates or cards would be valuable after January 1.

"Hold on to your War Savings Certificates, whether you have one War Savings Stamp or a filled card," advises Mr. Franklin. "There is absolutely no reason for cashing a single

January 1st Opening Day.

DOCTOR PRESCRIBES VINOL

For This Weak Nervous Mother, Because He Knows the Formula

Jacksonville, Ill.—"I have a twenty-months old baby and keep house for my little family, but got into a weak, nervous, run-down condition, tired all the time and no ambition. My doctor told me to try Vinol and in a week, I felt like a new person. I am now strong again, look after my baby, and do all my housework."—Mrs. G. H. Lamson.

The reason we recommend Vinol is because it is a constitutional remedy, containing beef and cod liver peptides, iron and manganese peptonates and glycerophosphates, the most successful tonics known.

John C. Peor Drug Co., J. Jas. Wood & Son, Druggists.
P. S.—For Children's Eczema, Saxol Salve is guaranteed truly wonderful.

Savings Stamp before maturity. The single Savings Stamp will grow in value the same as your twenty stamps, and the Government will redeem it on expiration for five dollars just as it will redeem your twenty Savings Stamps for one hundred dollars.

"Thrift" cards, even though only partially filled, are as good as ever. The Government will continue to sell Thrift Stamps so that you can fill out these cards and exchange them for the 1919 issue of War Savings Stamps.

"The 1919 War Savings Stamps are now being sold the same as the old War Savings Stamps. The only difference is that these new blue stamps must be pasted in a new certificate and not used to fill out old certificates. The old certificates, of course, do not have to be completely filled to entitle every holder to five dollars on maturity for every War Savings Stamp in them."

QUIT KIDDING YOURSELF

So you've done all you can afford to do for Uncle Sam and the boys who fought for you at the front? Bought all the Liberty Bonds you can carry?

And War Savings Stamps?

Given all you can to the other war aids? And you are satisfied, now that it is all over, to let the country do the rest? You've done your bit?

But for all this you consider yourself a red-blooded, hundred per cent. loyal, dyed-in-the-wool, REAL American!

Just as much so as the fellow who went across and lost an arm, or a leg, or an eye, or his hearing, or his FUTURE?

Just as much so as the fellow who went over full of life and hope and ambition to lay down his life for YOU.

Just as much so as the other fellow who didn't go but is in debt today, skimping and scraping and sacrificing to pay for his Liberty Bonds?

Quit kidding yourself! You're nothing of the sort. You're purely and simply a quitter. Not a slacker as yet; simply a quitter. One who lays down at the finish.

But you may yet get into the Slackers' class.

For you'll be there unless you stand by Uncle Sam until this whole affair is cleaned up. He isn't out of it yet by a long shot. He has obligations abroad that must be met with the same vigor that he made his fight.

And far more intimate obligations here at home. Obligations to every one of these boys who came back bearing the scars of battle.

These are YOUR obligations also. Don't forget that. Don't try to dodge them.

Make good in your Americanism, your loyalty, your duty. Take another lot of bonds when the time comes.

Try a Ledger Want Ad. It Pays.

PADEREWSKI WOUNDED BY BOLSHEVIK PLOTTERS

World's Greatest Pianist and Poland's First Son Is Wounded by Assassins at Warsaw.

London, January 13—Ignace Jan Paderewski, Polish leader, has been slightly wounded by an assassin, who entered the room of his hotel at Warsaw and fired one shot at him, according to an Exchange Telegraph dispatch from Copenhagen, reporting advice from Vienna.

Several Bolsheviks implicated in the plot to kill him have been arrested.

Mr. Paderewski has been in Warsaw for several days conferring with Polish political leaders in an attempt to form a Government representative of all parties.

When he arrived in Danzing on his way to Warsaw the Germans attempted to prevent him going to Posen.

After he arrived at Posen and while he was asleep in a hotel a crowd of Germans fired on a parade of children who were marching in honor of Paderewski.

Two of the children were killed and several bullets struck the window of the room occupied by Mr. Paderewski.

M. Paderewski, recognized the world over as the greatest living pianist and one of the foremost Polish patriots, forfeited virtually his entire private fortune, his which won for him undying fame, and, finally, his health in pleading the cause of his fatherland, which he holds higher than life itself.

RIPLEY UNDERTAKER

the most prominent undertaker at Ripley is confined to his bed with influenza and during his illness Mr. R. G. Knox of the firm of Ivain, Knox & Diener, is taking care of his business. Mr. Knox was Ripley Sunday and Monday in charge of two funerals.

TOBACCO PRICES IN KENTUCKY REMAIN AT VERY TOP NOTCH

More Land Is In Demand For Farms Than Ever Before and High Rental Is Being Offered.

The Bluegrass Farmer, of Lexington, says:

Tobacco sales have been remarkably high during the past week on the markets of the States, and both crop and sale averages have encouraged the growers, who are now planning for next season's crop. Farm correspondents report large crop sales and as much tobacco on the breaks for the sales this week as there has been at any previous time. All markets in the burley section are open and report successful operation.

Total sales, averages and amount on breaks at this time exceeds any previous records at Paris, Winchester, Mt. Sterling, Flemingsburg, Carlisle and Maysville. Very little tobacco has been sold for less than \$10 a hundred and nearly every market has reported at least one sale of \$80 a hundred, while crops averaging \$40 to \$50 a hundred are common.

The total sales for the week at Lexington amounted to 5,087,115, which was sold at an average of \$336.89 a hundred. The past week's sales brought the total for the season at Lexington to 14,973,020 pounds and the season's average is \$34.53.

Farm land in Kentucky is selling and renting higher than ever before. No matter what the prices were in the county before, it is an assured thing that the prices this month and next will be higher. Mules are selling high and corn is bringing \$8 a barrel in every sale. There are more tenants than available farms and subrenting is being considered where the applicant is very desirous of procuring more land for the cultivation of next season's crops.

ABERDEEN BLOCKED WITH TOBACCO WAGONS

The Maysville tobacco market is experiencing the greatest rush of Ohio weed now it has experience this season. The streets in Aberdeen leading to the ferry boat were blocked Monday morning with the large number of tobacco wagons. All of this Ohio tobacco is of good quality and speculators swarmed to Aberdeen Monday morning in an effort to purchase some of it before it was delivered to this side.

Mellvain, Knox & Diener's store closed all day Monday and Tuesday while arrangements are made for the big sale to be inaugurated on Wednesday morning.

Just arrived 20 barrels Fancy New Crop New Orleans Molasses \$1.19 per gallon cash. Bring your jug.
R. LEE LOVEL.

WELL OPENS WITH BIG RUSH AND PRICES STILL SOARING HIGH

Maysville Tobacco Market Opens the Week With a Large Amount of Leaf Being Delivered and Prices Very High.

Even the growers admitted that prices were high on the Maysville looseleaf market Monday. There was a great big rush at all of the houses. Every pike leading to Maysville was filled with wagons all day and the ferry boat had the biggest day's work it has had since the last tobacco season. Prices were still very high and all farmers selling were more than pleased with the prices obtained. Large crops—not just a few baskets—averaged over forty cents while the prices for single baskets soared to the skies.

Sales were held at the Home, Independent, Growers and Peoples warehouses and the warehousemen were pleased with the way things started off and predict a great big week.

Growers
Pounds sold 125,000
High price \$70.00
Low price 10.00
Special crops: John Sartin, \$57.68; Perry McDowell, \$48; H. J. Manson, \$61.23; George Moore, \$50.30; Frank Williams \$41.37; Nathan Hopkins, \$31.41; J. C. Ham \$50.61; Bramel & Howe, \$45.00; Harry Burke, \$53.92; Ham & Starks, \$49.50; Hinton \$45.25; Joe Serwina, \$48.87; Joe Ring, \$39.90. Best market of the year.

DOG LICENSES MAY STILL BE ISSUED BY CLERK

Wrong Impression Gets Out That Dog Licenses Cannot Be Issued After January 1—Extra Supply of Tags Arrive.

There seems to be a wrong impression among many of the farmers of the county that after January 1st they could not secure license tags for their dogs.

County Clerk Owens today received a letter from the State Commissioner of Agriculture informing him that it was the duty of the County Clerk to issue dog licenses whenever application was made. It is not the County Clerk's duty to arrest men who fail to take out dog licenses, it is pointed out that this is the duty of the Sheriff's but that the sheriff would probably be lenient with the farmers and city dog owners this year until they had learned thoroughly the workings of the new law.

County Clerk Owens today received 500 extra tags and is again ready to issue licenses to any one who applies.

COMMISSIONERS MEET TUESDAY

The County Commissioners will meet Tuesday morning in their room at the Court House for the transaction of important business. Probably the most important business for the attention of the commissioners will be the consideration of the last Grand Jury report which recommended a padded cell and considerable improvement in the hospital ward at the county jail.

GIVEN SIX WEEKS ON PROBATION
Louis Romine was before Judge John L. Whitaker in Police Court this afternoon on a charge of vagrancy. After hearing the evidence in the case the judge allowed him to go on probation for a period of six weeks during which time he must keep employed and provide for his family and make reports to the court.

AGED CITIZEN DEAD

Mr. Mike Guilfoyle, aged citizen, died at his home on East Third street, Fifth Ward, this afternoon following a long illness.

Mr. Edward Mitchell, of Detroit, Mich., expert auto engineer who has been in the service for Uncle Sam during the war, is spending a few days with his mother, Mrs. Mollie Mitchell. He will return to Detroit to resume his pre-war position as an engineer in the big Studebaker auto factory at Detroit.

Sam Ellis, who was arrested Saturday night with five quarts of whiskey in a grip and a pair of brass knuckles on his person, will be given a hearing on a charge of bootlegging in Police Court late today.

The funeral of Mrs. Minnie Smith, colored, who died at her home in Lewisburg Saturday night, was held at Lewisburg Monday and burial was made there.

Sunday afternoon was one of the most beautiful Sunday afternoons we have had in some time and the streets were filled with folks out for a walk.

Mr. George W. Crowell remains critically ill at his home in East Second street.

COX INAUGURATED FOR THIRD TIME IN OHIO

Popular Ohio Governor's Inauguration Is Devoid of Pomp and Splendor.

Columbus, Ohio, January 13—James M. Cox took the oath of office as governor of Ohio for the third time at noon today.

The inauguration was "frillless." The elaborate ceremonies which marked his induction into the executive office of the state in 1913 and 1917 were absent.

One of the outstanding features of the inauguration was the governor's message delivered before a joint session of the House and Senate at noon.

The message was read by Governor Cox in the chamber of the House of Representatives which was transformed to a flowery inaugural chamber.

State officers-elect other than the governor were sworn in during the morning in their respective offices.

At 10 a. m. both houses of the General Assembly convened for business. Clarence J. Brown, Adams county, took the oath in the Senate chamber and immediately entered upon his duties as president of the Senate.

The Supreme Court judges were present when Chief Justice Hugh L. Nichols administered the oath of office to Governor Cox.

COLORADO MAN DIES OF INFLUENZA

Josh Jones, aged 30, colored, of the Orangeburg neighborhood, died at his home Sunday evening of influenza after an illness of only two weeks. He is survived by his wife and four children.

Miss Anna May Moody, teacher in the Oklahoma schools, is ill at her home on Forest avenue with influenza.

Mr. Russell Ensor, of Orangeburg, is seriously ill with pneumonia.

GREGORY RETIRES FROM CABINET OFFICE

Washington, January 13—Thomas Watt Gregory, Attorney General of the United States since 1914, has resigned because of "pecuniary responsibilities" and will return to the practice of law. President Wilson has agreed to his retirement March 4.

Mr. Gregory's letter of resignation, dated January 9, and the President's cable from Paris the next day, were made public Sunday night at the White House. The Attorney General's letter discloses that he had long considered retiring from office and has discussed the matter with the President before Mr. Wilson went abroad.

Mr. Gregory's successor has not yet been appointed and there has been no official intimation as to who he will be. In speculation today the names of Frank L. Polk, counselor of the State Department, and Acting Secretary while Mr. Lansing is in Europe, and Senator James Hamilton Lewis, of Illinois, were mentioned.
